

# Cucusoft YouTube Mate -- A Wonderful Gift for YouTube Fans

*Cucusoft YouTube Mate, designed especially for YouTube fans, is a powerful software which can help you download, play, convert and manage YouTube Videos*

In last weekend, Cucusoft.com successfully published new software that helps one to download, play, convert and manage YouTube Videos. The new product is called "Cucusoft YouTube Mate", which can be seen as a breakthrough in YouTube assistant software field. Com-Http.com has just announced an web site for Cucusoft YouTube Mate at the first time. If you're a YouTube fan, it's no doubt a good news for you.

Cucusoft YouTube Mate is especially designed for YouTube fans. With Cucusoft YouTube Mate, you can easily download the YouTube videos you interested in, just like a real time saver, and play the videos off-line. So now you can enjoy any .flv and .swf videos anytime! The downloaded videos are .flv and .swf files. The Software can help you convert the .flv files to any video formats. You can also convert downloaded YouTube videos to a format compatible with your favorite portable device; including " iPod Video, iPod Touch, iPod Nano, iPhone, Zune, PSP, as well as video capable MP3 players, video capable mobile phones, and Pocket PC.

The price of the full version is \$34.95. You can download a trial version at first, and the limitation in the trial version is that there is a watermark on the output video . Otherwise, the functionality is exactly the same in the trial version and full version.
